- Overheads [GST-exclusive] - approximately \$30,000

Explanatory Notes

This report has been prepared on the following basis.

- 'Legal services expenditure' has been defined as legal services paid for during the 2007-08 financial year.
- 'Internal legal services' have been identified in accordance with the definition used by the Australian National Audit Office in Audit Report No. 52 of 2004-05. Activities of the department coming within the ANAO definition of 'internal legal services' may also involve the provision of policy advice, so internal legal services are not necessarily directly comparable with, or able to be substituted by, external legal services.
- In considering the department's internal legal services expenditure, relevant managers estimated the percentage of time spent by legally qualified staff on legal work. Approximate totals were derived using mid-range salaries, and include an estimate of entitlements and corporate overheads. Final amounts are rounded to the nearest \$10 000.
